Dear Crossroads Family,

Like you, we have been closely monitoring the guidance provided by state and federal agencies regarding COVID-19. As the situation has intensified, we have made the difficult decision to suspend all C5 Leaders and Junior Leaders programs for the month of March, effectively immediately. At this time, we are hoping to resume programs in April, and will contact you by March 27th regarding that decision.

We are optimistic that conditions will improve in the coming weeks and at this time there are no changes to our summer camp schedule for June, July, and August. We will keep you updated on our plans throughout the spring.

We take our relationship with your family and our commitment to your children very seriously. We value your close partnership and I want to acknowledge how disruptive and difficult this program suspension may be in the short term. That said, the health and safety of your children and the community must be our top priority. Public health experts are recommending that we all minimize large group gatherings, physical contact, and non-essential engagements. Thank you for understanding the importance of following this guidance and know that we all look forward to welcoming your children back to Crossroads for days filled with good friends, boundless adventures, and inspired learning.

If you have any questions or concerns, please do not hesitate to call us at 617-765-7556 or to reach out directly to your contacts on our staff. We know that you count on us and if there is anything we can do to support your family in the coming weeks, we stand ready to do so.

Many thanks,

Simon Hess
Crossroads President
